

The language of music is not confined to our tongue or to our intelligence. It touches our emotions and our souls, deepening our search for wisdom. Musical tones reverberate long after the performance. Music adds to all of us—now, and always. It expands us, bringing us closer to each other.

TESTIMONIALS

“What a fantastic book! Joseph has given clear examples of why music is important to everyone and nearly everything we experience.”

~Ann McMillan, Professional Musician/Instructor,
University of North Texas

“As a music educator I found *The Art of Tone* to be an important and thorough investigation into the intangible realms of our relationship with sound. This exploration helps us strengthen our art, and bring meaning to all that we perceive as musical sound.”

~Dave Limina, Assistant Professor, Berklee College of Music

“This is a good book for all, but anyone that values the art of human thought and creativity would benefit from (this) work.”

~John W. Thompson, Chair, School of Music,
Wichita State University

“The *Art of Tone* discussions compel us to allow music to widen our personal doors and pathways to access deeper levels of ourselves in the context of relatedness to others, life demands and overall reality. A fascinating reading!”

~Dr. John Rosado, Jr., Clinical Family Psychologist

“This book will help you to amuse your muse”

~Todd Parsnow, national touring/recording artist
